

Building Dreams

Already in 2022, we are solidly into our 50th year and yes, we are blown away. I wish my father were alive to see all we have brought forward in person. Man, what a ride it's been! That ride has entrenched us as a legacy brand. Today, Correct Craft has been stalwart supporting that commitment and continues to support those values we serve, while embracing the culture that their legacy brings to this company.

Enthusiasm over the new Puma STS in 2022 has started a whole new wave and eclipsed one that began back in 1971. There has never been a model that rose to the top of our line in such short order. Today, we also took Ron's dream of 1971 to a new level. You will notice we have rebuilt the Deluxe Tournament model for 2022. In 1971, that was the cream of the crop and started the trend we enjoy today as we continue to evolve.

We stepped above that DLX model with the new Puma STS model, which is the next hull evolution of the Jaguar STS hull. We have set a new standard with the STS hulls and their ride is truly amazing. We literally had two (2) boats completed and at that time we had more Puma STS orders than any other model in our system. These hull mods and features are all on the flagship model of the new Jaguar STS and it's been well accepted.

One of the strongest features in these STS models is the new *Lift Latch system (Provisional Patent). We assemble the parts from 4 vendors, as the design has been in the thought process for over 20 years. We have worked on a tight time frame to bring this to market in a very tedious environment.

For 2022, we've added more equipment changes than we have made in years. From those SS Flip Latches and 28-ounce carpeting, to the Talos lightening detector, we have really stepped up on materials and equipment. Carpeting, vinyl, a new 6x steering wheel, billet handrails, decals and much more were all improved in 2022. We work hard to use the best materials and we ask you to research the products used in comparison to any other brand. For example, the graph harnesses on Premium models are all 6 gauge throughout now, compare that to any other.

We know this is not only a product, but also just as much an emotional purchase, one you make with your heart as much as your mind. We also know many have been left feeling lost by those legacy companies, whose brands were their choice in prior years. We want to embrace your mind and your heart and be more than a boat in your garage, as we truly believe in enhancing the consumer experience. There are few products or companies today that want to be more than a commodity. We want to be a part of your family, shared as memories for generations to come. This is why we speak about memories, and nothing is more important to any of us than those memories we make through life. Those memories will outlast all of us if we do our part.

Some of those memories are with me daily. Memories made even before 1971, when

Dad & Mom started, memories in their garage and the old Quonset Hut on Hwy 5, near where we are today. My grandfather was a true outdoorsman and inspired us all into the outdoors. Through him, we all wound up enjoying everything from fishing in the strip pits, to a jackrabbit roundup and quail hunting. Grandad lured my dad into the outdoors and all of us as well.

All along the path of our history are dreams around the water. There are the men in Bassmaster and MLF who are chasing dreams at a higher level. Today, anchoring our anglers are consecutive 2021 and 2020 Bassmaster Classics through Hank Cherry. Hank will compete with four other anglers (5 total) in the 2022 Bassmaster's Classic in Greenville, South Carolina. There have been 51 Bassmaster Classics and we have 6 of those titles by anglers in a Bass Cat today, with even 2 more won by Bass Cat anglers at the time.

From there, we have Major League Fishing (MLF) and the REDCREST Championship, where we have nine (9) anglers competing in Tulsa this March. Folks like Mark Davis, Jeff Sprague, Zack Birge and more on that list of 9 anglers. Through these men we continue to distance ourselves from other companies today.

Often, we talk about our Bass Cat "Family". The "Family" is never more engaged than those with our Owner's Board, where they exhibit a character we are extremely proud of. They want to help Bass Cat owners as much as we do! Their families are also a part of this, and they exhibit that dedication and support. Then, we have our own staff in Mountain Home which takes this truly personal. They care about each of you and they all stay engaged to make the best of bass boats made in America.

Then there are our dreams, as all of us desire our grandchildren to be a part of this sport. What more enjoyable exists than the outdoors and what more in life would one possibly want. We look forward to the days your grandchildren are writing us letters, just like Steve in Brooklyn, New York, who wrote with pride about his grandfather's new Sabre FTD.

This has been a mission of my family for these past 50 years and we invite all of you to be a part of our Family Tradition.

Come and "Feel the Rush" with us,

Rick Pierce

HULL • TRANSOM • FLOOR • STRINGERS

TAKE A CLOSER LOOK

Boats are not created equal. Every Bass Cat leaves the factory with a blend of proprietary raw materials, custombuilt assemblies and decades of fine-tuned processes that keeps them running strong beyond your years of ownership.

VACUUM PROCESS HULL ASSEMBLY

Custom-matched stringers, floors and transoms are pulled together using massive vacuum pumps. This creates our famous one-piece hull design that you can truly feel as you pass the competition on the water.

CUSTOM 6-BOLT JACKPLATES

The custom plates made for Bass Cat are a big deal. Added rail length, full transom support and an extra tie bar gives you the advantage on big water.

FULL-WIDTH TRANSOM STRENGTH

No one compares to the BCB all fiberglass, vacuum molded units that extends the entire width of the boat. No fillers are used as we set into wet fiberglass to secure them to the hull.

CUSTOM-BUILT TRAILERS

Our trailers are built in-house, with the same intensity and passion that goes into our boats. Custom-fit to each boat model and made with U.S. steel.

Not all marine carpet is equal. We use the heaviest grade available; 28-ounce per square foot. This carpet goes in every Premium Bass Cat model for better wear, less fatigue and longer life.

QUALITY GEL COAT APPLICATION

Strategic steps utilizing high atomization and a wet flake application. This gives our boats the look, feel and consistency that is unmatched in our industry.

Pantera Classic flows nicely from bow to stern. The front deck hosts, a never before designed, inset box lids and a central 8'6" rod capacity. The design allows anglers access to their outer storages without having to move rods on the deck. Added to that the under seat and large rear storage units accommodate a full tournament load for you and your partner. The Pantera Classic cracks the door to anglers demanding a wide beam feel in a value-conscious package.

WE PROUDLY SUPPORT THE FOLLOWING ORGANIZATIONS

BASS CAT TRANSFERABLE LIFETIME WARRANTY

Bass Cat Boats warrants each new fiberglass boat to its original noncommercial purchaser for a two-year period. Warranted to be free from defects in the workmanship and materials, under normal use and conditions. Certain items are under coverage by the manufacturer(s), separate of Bass Cat manufactured goods. Bass Cat makes no claim to represent, circumvent or exercise the independent manufacturer(s) warranties.

This warranty does not apply to (1) Any boat which shall have been repaired or altered in any way so as to affect its use and operation; (2) gelcoat cracking, crazing, blistering, fading, discoloring or any similar situation; (3) windshield breakage; (4) any boat which has been subject to misuse, alteration, neglect, accident, used for racing purposes or operated in a negligent manner at the opinion of Bass Cat boats; (5) upholstery damage; (6) any boat utilizing over an 8" jackplate (2009) or altering of standard equipment offered specifically by Bass Cat; (7) any boat which is been overpowered, according to the maximum recommended engine horsepower specified for that particular model, on the capacity plate. (8) any part or component expired within a reasonable time of its expected operational period.

To validate the warranty, the boat registration card must be returned to Bass Cat Boats within fifteen (15) days of the original purchase. Under Federal law all boat manufacturers are required to notify first purchasers, in the event that any defect is discovered "which creates a substantial risk of personal injury to the public," or any noncompliance with Federal regulations by the manufacturer. Failure by any first purchaser to fill out and return the warranty registration card, or complete transfer, may make it impossible for Bass Cat Boats to give direct notice to such purchaser and does not execute warranty.

This warranty is expressly in lieu of all other warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose, and in lieu of all other obligations or liabilities on the part of Bass Cat Boats. Bass Cat Boats expressly denies, on the part of any person to incur or assume for it, any other liability in connection with the sale or use of its boats and trailers. Implied warranties, if any, given by valid law, shall be limited to the duration of this written warranty.

The obligation of Bass Cat Boats, under this warranty, shall be limited to the repair or replacement of any part which is judged defective by Bass Cat. During the term of this warranty repairs will be made free of charge, at any authorize Bass Cat service center under guidelines excepted by Bass Cat, or by Bass Cat itself at its discretion and approval. Transportation costs to the factory are the responsibility of the purchaser. All warranty repairs must be approved by Bass Cat personnel, whose decisions are final. Removal of components which are termed rigging parts will not be the responsibility of Bass Cat Boats. Bass Cat Boats Will not be liable for haul-out, launching, towing or storage charges, inconvenience or loss of time or income, or any other special or consequential damages of any kind or nature.

Bass Cat Boats accepts no liability for those components which are or may be marketed to the retail consumer and selected as standard or optional equipment on a Bass Cat Boat. Examples of those components may be and are not limited to, outboard engines, propellers, fish finding equipment, instruments, trolling motors, battery chargers, engine controls and ignition switches, batteries, radio/stereos, bow guards, and covers.

An extended Lifetime Warranty also applies. These are transferable warranties through an authorized Bass Cat dealer or through Bass Cat Boats. There is a charge for transferring the warranty and it may be transferred only under the guidelines issued at that time period. Transfer is only complete upon receipt by Bass Cat, qualification, fees and transfer.

Extended lifetime warranty to the original consumer is transferable on used boats which are sold through an authorized Bass Cat dealership and/or pass an applicable qualifications check list for that particular model. There is a charge for verification and transfer. Lifetime warranty covers manufacturers defects in the structure in its original state. Any modifications, additions or changes to the boat from its original manufactured condition maybe judged invalid for transfer. Under those conditions only the fees for transfer will be redeemed. Qualification fees will be deemed as a service performed.

Assessments of the Lifetime Warranty will be executed base prorating dependent on the age and condition of the boat, using NADA, ABOS, or similar accepted value booklets available at that time.

Bass Cat warrants all Bass Cat trailers for a period of two (2) years, for noncommercial use under guidelines stated in this limited warranty. No exceptions or other offers apply. Tires and certain other items may be subject to their own independent warranty restrictions and available only through those company(s) dealers, agents or representatives. Transfer is applicable under transfer guidelines in this written warranty.

The information in this literature is based upon the latest product information available at the time of publication approval. Bass Cat Boats reserves the right to make changes anytime, without notice, in colors, equipment, specifications, materials, hulls, prices, and discontinuation of models. When changes are made, we reserve the right to do so without incurring the obligations to equip, or modify, existing models built prior to the date of such changes.
