

 **Bass Cat**
FEEL THE RUSH

As 2024 crawled up on us, we are into our 53rd year of building bass boats. Last year I spoke of sharpening my pencil and peeking out of the science class windows, seeing Dad dragging his boat to its first event. It was meant for me to do that as the windows were higher than we could see from our desks. He had only run that previous midnight, the evening prior. The *new Caracal STS is an extension of that, and with each new product we each new product "Feel the Rush!"

That first night started us down the road to becoming a legacy brand. Those early years of knowing a Rayo Breckenridge, Basil Bacon, Shorty Evans, Emmet Chiles or a Bo Dowden all together cemented my desire to build bass boats. And the innovations that came through those years are well known and archived. Not one person can strip you of what you've achieved in your life. We have achieved so much and we've been blessed.

Those achievements move forward beyond product and in our anglers for 2024 as we have one of the strongest Bassmaster Elite staffs we have ever fielded. Anchored by Hank Cherry, Mike Iaconelli, Stetson Blaylock, Kennedy, Crews, we also have Bob Downey and too many more too list here. On the other side is an impressive MLF angling staff that Mark Davis, Mark Rose, Takahiro Omori, Adrian Avena, Scott Suggs, Kelly Jordan, and again more MLF Anglers, for competent groups on both tours.

It continues to be a remarkably rewarding sport and industry to be involved with. The rewarding part goes well beyond the doors of this facility. The "We build dreams" line is one that we enjoy through each of your memories. I can't count the number of stories, trips and fish that will live in pictures long after any of us.

Those memories are the extensions of our dreams, and those are solidified by values and ethics built over time. And we wanted the legacy, of the Pierce family, to last decades beyond my life. In March of 2015 we made that step through our ownership by Correct Craft, which has also worked diligently to preserve the Maloon family legacy of Correct Craft. Their values closely resemble those we built and lived daily. They are consistent in the message of preserving the history we built. Those best in Customer Service experiences, the innovations, the unmatched loyalty from consumers, all should continue as they are engaged. The plan was for this heritage to be extended for decades to come.

Today's internal staff is as passionate about this brand as the 'old guard', and they are moving ahead full tilt. Some here had Bass Cat baby bibs and others toddler jackets. Some were on T ball and micro soccer teams we sponsored, while others grew up locally knowing that each year the Owners Invitational filled this town with ageless models of Bass Cat boats. And many of you have been to the high school where we have always supported our local youth. It's also a passion about community and culture.

Passion is wrapped in many aspects of emotions. Those of the customers, our dealers, and the emotion we all bring makes Bass Cat more than a brand. It's a way of life for many, and certainly it has been a way of life for my family. Countless hours and sleepless nights have been spent inside these walls, and those create raw passion.

The emotions are some of that rawness, with a method to always do the right thing. It's been driven home by many consumers, who often know more than we could imagine about this product. They have been our true ambassadors, knowing we stride forward.

Today that forward approach product is anchored by the popular Puma STS as our main line boat. The Puma STS was the "Most Innovative Freshwater Fiberglass Fishing Boat" for 2022, awarded at the NMMA Progressive Minneapolis Boat Show. The *new 20' 2" Caracal STS is a later of the STS line with the point and shoot hull that trails the Eyra in some forms of handling.

The prime cut of our line remains the Jaguar STS and the consumers often rave on that, especially when it's teamed with the 400R Mercury Racing engine. If it fits you, and you haven't looked at one, nothing compares to the experience a Jaguar owner shares with us. Frequently owners of a Jaguar tell us that it's the "finest piece of equipment" they have ever owned. And a few will spring up to the 500R engines. Those that own them have high taste and expectations! Rightfully so, as pricing ranges from the \$125,000 up to the \$200,000 plus range, as do their other garage items.

As always, our list of raw material components remains to be higher quality than any competitors offering, and from carpet and vinyl, to wiring, resin and glass we try hard to use the best products.

Eyra and Cougar FTD are our legacy hulls as we call them and you can get that Cougar FTD in the Hybrid 203 hull we worked hard to get where it is. The Caracal SP and Pantera II SP are the offering in '24. These are all great lineage boats that do most everything well. Then our Vision tier offers a more affordable platform to our line.

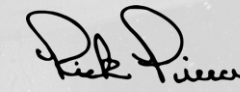

We know this is an emotional decision for most. It is more than a widget or a product, for most it's a statement about who they are and what they do. It goes beyond that and into your own emotions that you own the finest bass boat made.

It's not fluff, it's a machine that expresses itself as an extension of you and your life. It can run hard and fishes with anything, and it will outperform most other products in all aspects. From trolling motor shaft angles to center line shafts that back in a straight line, there is a lot to this game.

That brings us to a close. A close presenting this line to you in this brochure and a Thank You for taking the time to read this memo. We strive to be that part of your family's life, extending beyond those of us today. We hope we meet more than your expectations as a part of our "Bass Cat Family"!

For 53 years my family has had this consistent path, and we invite all of you to be a part of it.

Come and "Feel the Rush" with us,

Rick Pierce

SIGNATURE PERFORMANCE

BOWMOUNT FEATURES

Trolling motor placement is crucial to maximizing efficiency while deployed. Precision maneuvering and proper tracking are achieved with the centerline mounting angle. Forward recessed pedal locations provide an ideal casting stance at all positions.

FRONT DECK FEATURES

Every aspect of the front deck is tailored to optimize efficiency. Narrow gunnels maximize deck space. Quick, unobstructed access to rods and tackle at all times thanks to innovative storage solutions. Several layout variations ensure compatibility with all angling styles.

SIGNATURE RUNNING SURFACE

All Bass Cats have a special feel that you don't find anywhere else. There are many subtleties that lie within every internal assembly as well as the running surface, providing a responsiveness that has to be experienced. The Signature hull design turns the water down to keep you dry. Instant bow lift allows you to pick your way safely through the roughest water. This refined hull design gives you the ability to **Feel The Rush™** like nothing you've ever driven.

FEEL THE RUSH™

SIGNATURE CONSTRUCTION

TRANSFERABLE LIFETIME WARRANTY
HULL • TRANSOM • FLOOR • STRINGERS

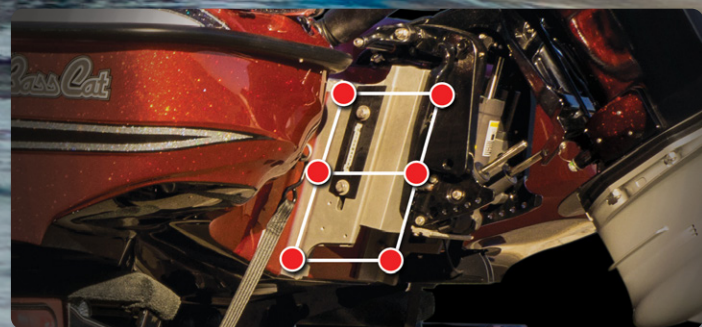

TAKE A CLOSER LOOK

Boats are not created equal. Every Bass Cat leaves the factory with a blend of proprietary raw materials, custom-built assemblies and decades of fine-tuned processes that keeps them running strong beyond your years of ownership.

VACUUM PROCESS HULL ASSEMBLY

Custom-matched stringers, floors and transoms are pulled together using massive vacuum pumps. This creates our famous one-piece hull design that you can truly feel as you pass the competition on the water.

CUSTOM 6-BOLT JACKPLATES

The custom plates made for Bass Cat are a big deal. Added rail length, full transom support and an extra tie bar gives you the advantage on big water.

FULL-WIDTH
TRANSOM

FULL-WIDTH TRANSOM STRENGTH

No one compares to the BCB all fiberglass, vacuum molded units that extends the entire width of the boat. No fillers are used as we set into wet fiberglass to secure them to the hull.

CUSTOM-BUILT TRAILERS

Our trailers are built in-house, with the same intensity and passion that goes into our boats. Durable PPG paint, custom-fit to each boat model and made with U.S. steel.

28oz. PREMIUM MARINE CARPET

Not all marine carpet is equal. We use the heaviest grade available; 28-ounce per square foot. This carpet goes in every Premium and Advantage Bass Cat model for better wear, less fatigue and longer life.

QUALITY GEL COAT APPLICATION

Strategic steps utilizing high atomization and a wet flake application. This gives our boats the look, feel and consistency that is unmatched in our industry.

BCB Tournament Rewards

Rewarding Owners For Over 20 years

Bass Cat would like to congratulate all recipients of the QUEST Tournament Rewards program. Several of our owners enjoyed major payouts for their tournament victories and top finishes this season.

QUEST is the most robust tournament rewards program in the industry. New boat owners are automatically signed up for Quest and qualify for our Tier-1 incentives for two years.

Used Bass Cat owners qualify at the time of warranty transfer with a one-time fee. Bass Cat also built-in a rewards program for our young anglers in both youth and college categories.

With so many opportunities to qualify for your share of QUEST rewards, it simply pays to run with BCB on tournament day. Visit BassCat.com for full details and take advantage of the QUEST tournament incentive program!

UPGRADED HP RATING

*NOTE: Dry weight without trolling motor, control boxes, graphs, hydraulic plate and options.

Storage Length (with without) Tongue Swing
279" 25'

KING OF THE HILL

Adjustable front deck stance, integrated LED docking light and large graph mounting flat.

Redesigned console for optimal gauge visibility and clean dual graph setup.

7' illuminated passenger rod storage compartment that doubles as a walking ramp from front to back.

Balanced rear compartment with twin 30gal fuel tanks and fold flat, removable access panels.

This boat is laced with innovation from the passenger rod box, dedicated helmet storage box and the LED docking light.

The Lift Latches are a proprietary system and only available on our models. Standard features are not available elsewhere as the carpeting is custom made for us in 28 ounce weight and the Glen Raven Horizon vinyl is yours to choose and extend the life of your seats.

The new Damascus Steel pattern on the dash panels brings an aesthetic flair to all Premium models. While the new Billet Hand Rail on the STS lineup is greatly altered with LED accent lighting.

It has an abundance of features many already appreciate. For the ultimate combination we like the new V10 400R Mercury Racing paired with this hull.

PREMIUM

PUMA

SHOW STOPPER

1 Custom billet aluminum handrails with LED lighting. Redesigned console for 2024.

2 Adjustable foot pedal basin with elevated graph mounting flats for clean, direct installs.

3 Dedicated pump access compartments flanked by additional rear deck storage.

4 Damascus patterned trim inserts throughout the Puma STS.

This truly is an amazing ride and is close to the larger Jaguar STS model. The Puma STS is a fresh build with a new hull and deck.

This boat is laced with innovation from the dual front graph mounts to the Lift Latches we have a provisional patent on. They are totally outside the box openings and storages will be drier.

Coined 'the Most Innovative Freshwater Fiberglass Fishing Boat' of 2022, this model has already found its stride among top touring pros.

The Puma STS is already establishing itself with more dominance than any model since the 1988 Pantera II and Sabre. It has features many already appreciate.

SEEKS COMPETITION

We made one of our most popular boats even better, keeping that Tour angler in mind. The center storage allows you to access your gear without moving your deck rods. The console continues those updates to better accommodate larger single or dual graphs. Rear storage access is improved, and the rear deck has dedicated twin doors to program those Power Pole pumps with ease. Over those are twin drop in bait trays. And storage exists

under the touted Wave Crusher bucket seats and dual cockpit coolers. Storage is organized as every square inch of this boat was carefully planned to enhance your ability to compete. It's nimble as it comes with the dry riding Legacy Bass Cat 20' hull, select anglers will choose the new Hybrid 203 hull also available. Our Cougar FTD has been a solid performer and will continue to make its mark as a Tier-1 choice.

1 Partitioned day use box and tackle storage within immediate reach.

2 Adjustable foot pedal placement to fine-tune your stance on the front deck.

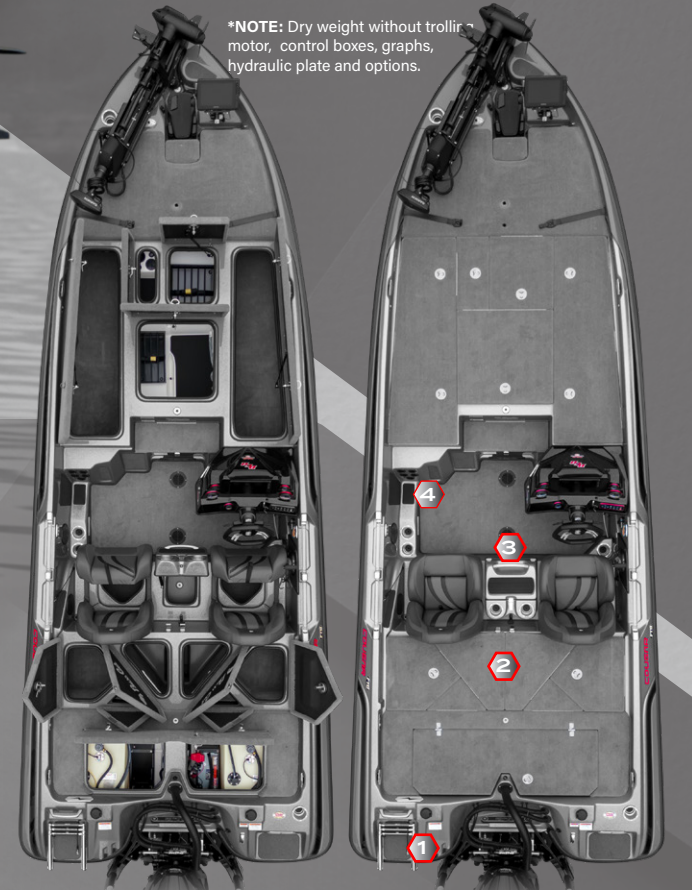

3 Dedicated anchor pump compartments with storage tray inserts.

4 Updated all-fiberglass dash with new dual graph mounting layout.

HUNTS FOR THE CHOP

After public perception of a competitor's hull began to shift in the early 2000's, Rick Pierce undertook a 15+ year project to merge desired traits from two brands into one. The Cougar FTD 203 Hybrid combines one of the most popular Bass Cat models in tournament fishing above the waterline with a running surface that maintains a

specific feel loyal 203 aficionados demand. Rough water is easily tamed with a forgiving entry and smooth transitions off the corners when the waves can't make up their minds. Whichever hull you desire, the Cougar FTD is a proven tournament-winning platform that will be around for years to come.

1 Modified running surface embracing the 203 'feel' and rough water handling this hull was designed for.

2 Lighted triangular livewells with advanced filtered spray bar aeration system for minimum slosh and high survival rate.

3 All-fiberglass center console/step box that flips up to expose a second insulated cooler underneath.

4 Passenger rod storage with Reflex®-lined protection points.

WIDE STRIDES

1 Redesigned cockpit with more legroom, billet aluminium floor grid and optional Reflex® custom floor insert.

2 Adjustable foot pedal basin with elevated graph mounting flats for clean, direct installs.

3 Extra-wide Reflex®-lined deck pads to keep your rods in place even when opening the front deck compartments.

4 Efficient front deck storages and partitioned tackle area. Built-in net scabbard and day box.

NEW for the '24 model year, we are proud to introduce the brand new Caracal while stretching the platform into our newest STS (Soft Touch Series) hull design. What you now have is a 96" wide machine,

redesigned inside and out, destined to overachieve in all aspects when compared to other 20' bass boats in this class. The model name stretches back decades and this one in particular will leave a profound mark in the Caracal lineage.

PREMIUM

A BASS-MASTERPIECE

Eyra owners are passionate about their boats. It is more than just a work of art in the style department. The beauty of this model lies in its capabilities on plane. The hyper-responsive hull senses your throttle, trim and steering gestures as you encounter on water conditions. Anglers appreciate what this hull is capable of after they've enjoyed those hours behind the wheel. A muscle car look and feel exudes, as the Eyra boasts a layout to compliment

the most efficient angler. The coffin storage in the center is now copied and is flanked by large rod/tackle storages. You and your partners will stay fluid all day long. Enhanced refinements allows for easy access to Power-Pole pumps, while increasing storage access over the previous version. If you desire a high-performance ride with effortless control while fishing, the Eyra is what you want and more.

1 Co-angler padded rod rack with extra storage box and open catch-all tray.

2 Large divided cooler keeping food dry on an elevated shelf above the main drink box.

3 Unique coffin-style lid configuration to optimize accessibility and storage options.

4 Rear deck storage re-shaped to accommodate dedicated anchor pump on both sides.

ADVANTAGE	
<i>Panthera II</i>	
Length	19 ft 1 in
Beam	93 in
Hull Weight.....	*1585 lbs
Fuel Capacity	33 gal
H.P. Range	135-200

SET THE PACE

*NOTE: Dry weight without trolling motor, control boxes, graphs, hydraulic plate and options.

Storage Length (with / without) Tongue Swing
217" / 243"

The Panthera II is the most manufactured boat model in bass fishing. Introduced in 1988, they were sold as they unloaded from the trucks, while holding a waiting list not rivaled today. Little has changed in the hull frame for good reason. This is one of the most efficient, driest and quickest boats on the market, not just this segment. Updates, redesigns and refinements have been made since its introduction, and the Panthera II still shines as a

hometown competitive boat. Dual rod lockers sit outwards of two storages and the raised deck sets the tone on most any water out there. Serious competitors once preferred it around the world. Add the option of 43 gallons of fuel feeding a 200 HP engine, it gives this model a range to reach most any tournament water. The Panthera II sets the pace while hanging with other brands running larger engines.

1 Ruler storage under the all-fiberglass console.

2 Co-angler rod organizer to protect up to five rods while running.

3 Rigid fiberglass console with updated dual BalZout mounting flats.

4 Streamlined pedal/electronics tray enhancing maneuverability and casting efficiency.

VISION

Pantera Classic

Length 19 ft 6 in
 Beam 90 in
 Hull Weight *1550 lbs
 Fuel Capacity 30 gal
 H.P. Range 150-200

*NOTE: Dry weight without trolling motor, control boxes, graphs, hydraulic plate and options.

Storage Length (with without) Tongue Swing
 22' 24.4"

A CLASSIC COMPETITOR

The primary objective of this Pantera Classic model is to achieve a market for starting young anglers and those on the other end of their fishing. The 19'6" hull carries the 90" in a beam forward design of a wider front deck space, while still allowing the rig to fit comfortably into most garages. The streamlined hull design carries itself well power with a 24-volt trolling motor. Rated for a 200HP engine, the 30-gallons of fuel capacity will allow ample range. Storage onboard the new

Pantera Classic flows nicely from bow to stern. The front deck hosts, a never before designed, inset box lids and a central 8'6" rod capacity. The design allows anglers access to their outer storages without having to move rods on the deck. Added to that the under seat and large rear storage units accommodate a full tournament load for you and your partner. The Pantera Classic cracks the door to anglers demanding a wide beam feel in a value-conscious package.

1 Ergonomic pedal basin with dual pedestal bases provides maximum comfort.

2 Central rod storage flanked by additional bases for easy rod access among deck rods already in use.

3 Under-seat storage for both driver and passenger.

4 Rigid dash assembly capable of flush mounting 12" displays. Custom switch panel and 6X steering wheel.

Bobcat

Length 17 ft 7 in
 Beam 90 in
 Hull Weight *1390 lbs
 Fuel Capacity 26 gal
 H.P. Range 70-150

*NOTE: Dry weight without trolling motor, control boxes, graphs, hydraulic plate and options.

Storage Length (with / without) Tongue Swing
 20'8" / 23'3"

HANDLE ANY TASK

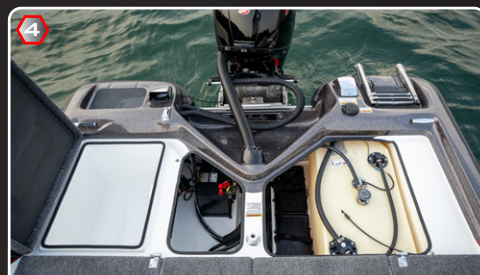

Starboard deck rods tips are protected by a carpeted console ramp.

Oversized central rod/tackle storage box to hold everything you may need for the day.

Spacious cockpit with two-step, comfortable access to the front deck.

Full rear deck access to additional storage and the bilge area.

We built the Bobcat with a price tag and construction technique no other competitor can touch. The innovative design features a huge center rod locker that will never leave you unprepared for the day. The rear deck is large and offers storage for your partner, as well as a tool tray for you to stow gear. It gives a soft ride in a big bodied boat. The hull has some neat tweaks to allow engines from 70 hp to the top end 150 four strokes. Just take your pick and price them accordingly to fit your budget. The Bobcat will handle any task with ease and give you the safety, ride and function at a price others work hard to beat.

BCB CUSTOM TRAILERS

Built For The Miles Ahead

We take our trailers very seriously. Unlike many manufacturers, we build Bass Cat trailers one at a time. Custom fit to the specific hull design of each model. Every cross member and support is jigged, fitted, and welded using U.S. Steel to exact tolerances.

Your safety and the investment you have made in your boat are not taken for granted. We demand the highest quality materials and hand craftsmanship for safety and security on the road. It's more than a boat purchase, it's a trailer purchase too!

TRAILER STEP SYSTEM

S-Bend grab post and custom offset fiberglass tongue step for easy access to the front deck.

HEAVY DUTY WINCH POST

Rock solid canted winch post design. Extra thick dual roller frame for years of trouble-free loading.

PPG Urethane Clear Coat

All trailers receive a clear urethane protecting from impacts, rocks and other road debris.

CUSTOM COVERS **TOPNOTCH®**

Our custom travel covers offer a glove-like fit to protect your investment. Strapless design with dual ratchets secure the cover under the rub rail. Simple, one-person on/off with key abrasion point protection built-in to ensure long term durability.

TOP NOTCH SOFT Premium tier cover made specifically for Bass Cat. TOP NOTCH® is a 100% solution dyed polyester fabric (840 denier) with a fluorocarbon finish, resulting in a fabric that is breathable and water repellent.

Only available in black. Top of the line. Strapless easy on/off, dual-ratchet system. Available on Premium & Advantage models. Felt back to protect the boat finish.

Soft backed • 11.5oz • Permeable (vents slightly) • Spray rated • 8 year warranty

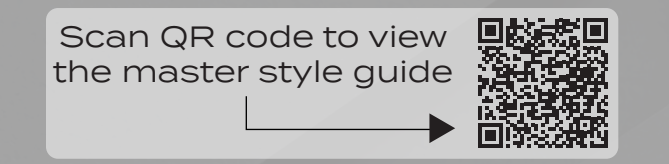

AQUALON EDGE SOFT High quality, light weight cover made specifically for Bass Cat Boats. With a vinyl-coated polyester top and soft underside, it keeps interior temperatures up to 25 degrees cooler than other materials and surfaces protected.

Available in black, navy, mist gray and charcoal.

Soft backed • 11oz • Non-permeable (holds moisture in) • Spray rated • 7 year warranty

A complete online guide is available to show you all the available custom styling, carpet and cover options you have to make your new Bass Cat boat a one-of-a-kind bass fishing machine.

BASS CAT PREMIUM PACKAGE OPTIONS

JAGUAR | PUMA STS | COUGAR FTD | EYRA | CARACAL STS

NOTE:
Fluorescent radiance colors of rage orange, vicious lime, pro blue and black are not available on the hull, cap or fender. UV stability is reduced on these colors and they will have limited long-term durability.
Additional charges apply on all package options.

REVERSE FENDER
The reverse fender option allows the customer to make the fender any color that is used in another part of the boat. For example, this fender will match the hull insert.

REVERSE CONSOLE
The reverse console option allows the customer to make the console any color that is used in another part of the boat. For example, this console will match the hull insert.

RADIANCE PACKAGE
Available Colors: Radiance gel (see below)
The Radiance Package will pair these sections with any of our radiance gel colors:
- Mini Bolt
- Insert 2 (12)
- Console (optional)

■ RAGE ORANGE ■ VICIOUS LIME ■ PRO BLUE ■ BLACK
■ CANARY YELLOW ■ MOCHA ■ DARK GRAY ■ ULTRA WHITE

BASS CAT TRANSFERABLE LIFETIME WARRANTY

Bass Cat Boats warrants each new fiberglass boat to its original noncommercial purchaser for a two-year period. Warranted to be free from defects in the workmanship and materials, under normal use and conditions. Certain items are under coverage by the manufacturer(s), separate of Bass Cat manufactured goods. Bass Cat makes no claim to represent, circumvent or exercise the independent manufacturer(s) warranties.

This warranty does not apply to (1) Any boat which shall have been repaired or altered in any way so as to affect its use and operation; (2) gelcoat cracking, crazing, blistering, fading, discoloring or any similar situation; (3) windshield breakage; (4) any boat which has been subject to misuse, alteration, neglect, accident, used for racing purposes or operated in a negligent manner at the opinion of Bass Cat boats; (5) upholstery damage; (6) any boat utilizing over an 8" jackplate (2009) or altering of standard equipment offered specifically by Bass Cat; (7) any boat which is been overpowered, according to the maximum recommended engine horsepower specified for that particular model, on the capacity plate. (8) any part or component expired within a reasonable time of its expected operational period.

To validate the warranty, the boat registration card must be returned to Bass Cat Boats within fifteen (15) days of the original purchase. Under Federal law all boat manufacturers are required to notify first purchasers, in the event that any defect is discovered "which creates a substantial risk of personal injury to the public;" or any noncompliance with Federal regulations by the manufacturer. Failure by any first purchaser to fill out and return the warranty registration card, or complete transfer, may make it impossible for Bass Cat Boats to give direct notice to such purchaser and does not execute warranty.

This warranty is expressly in lieu of all other warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose, and in lieu of all other obligations or liabilities on the part of Bass Cat Boats. Bass Cat Boats expressly denies, on the part of any person to incur or assume for it, any other liability in connection with the sale or use of its boats and trailers. Implied warranties, if any, given by valid law, shall be limited to the duration of this written warranty.

The obligation of Bass Cat Boats, under this warranty, shall be limited to the repair or replacement of any part which is judged defective by Bass Cat. During the term of this warranty repairs will be made free of charge, at any authorize Bass Cat service center under guidelines excepted by Bass Cat, or by Bass Cat itself at its discretion and approval. Transportation costs to the factory are the responsibility of the purchaser. All warranty repairs must be approved by Bass Cat personnel, whose decisions are final. Removal of components which are termed rigging parts will not be the responsibility of Bass Cat Boats. Bass Cat Boats Will not be liable for haul-out, launching, towing or storage charges, inconvenience or loss of time or income, or any other special or consequential damages of any kind or nature.

Bass Cat Boats accepts no liability for those components which are or may be marketed to the retail consumer and selected as standard or optional equipment on a Bass Cat Boat. Examples of those components may be and are not limited to, outboard engines, propellers, fish finding equipment, instruments, trolling motors, battery chargers, engine controls and ignition switches, batteries, radio/stereos, bow guards, and covers.

An extended Lifetime Warranty also applies. These are transferable warranties through an authorized Bass Cat dealer or through Bass Cat Boats. There is a charge for transferring the warranty and it may be transferred only under the guidelines issued at that time period. Transfer is only complete upon receipt by Bass Cat, qualification, fees and transfer.

Extended lifetime warranty to the original consumer is transferable on used boats which are sold through an authorized Bass Cat dealership and/or pass an applicable qualifications check list for that particular model. There is a charge for verification and transfer. Lifetime warranty covers manufacturers defects in the structure in its original state. Any modifications, additions or changes to the boat from its original manufactured condition maybe judged invalid for transfer. Under those conditions only the fees for transfer will be redeemed. Qualification fees will be deemed as a service performed.

Assessments of the Lifetime Warranty will be executed base prorating dependent on the age and condition of the boat, using NADA, ABOS, or similar accepted value booklets available at that time.

Bass Cat warrants all Bass Cat trailers for a period of two (2) years, for noncommercial use under guidelines stated in this limited warranty. No exceptions or other offers apply. Tires and certain other items may be subject to their own independent warranty restrictions and available only through those company(s) dealers, agents or representatives. Transfer is applicable under transfer guidelines in this written warranty.

The information in this literature is based upon the latest product information available at the time of publication approval. Bass Cat Boats reserves the right to make changes anytime, without notice, in colors, equipment, specifications, materials, hulls, prices, and discontinuation of models. When changes are made, we reserve the right to do so without incurring the obligations to equip, or modify, existing models built prior to the date of such changes.
